

# 2024 Chronic Condition Prescription Drug List

Applies to PriorityHSA\* plans with IRS-Allowed Chronic Condition coverage, including prescription drugs.

List of covered drugs available before deductible for PriorityHSA\* plans with IRS-Allowed Chronic Condition coverage only.

*Please read: This document contains information about the drugs we cover in this plan. Coverage levels are defined by your plan documents, inclusion on this list does not mean that these prescriptions are covered at 100%. Refer to your plan documents for full coverage details.*

Important:

- Priority Health requires the use of an A-rated generic drug when one is available. Step-therapy and prior authorization requirements may apply to certain medications. You may be responsible for additional cost sharing when choosing a non-preferred brand name medication over an available generic.
- Check your Priority Health coverage documents and riders to find out if any approved drugs are not included. Always refer to your plan documents for full coverage details. For the most current information regarding this rider or our approved drugs, please refer to the “Approved Drug List” at [priorityhealth.com](https://priorityhealth.com).

\*Includes small group ACA PriorityHSA plans, individual ACA MyPriority HSA plans, and large group PriorityHSA plans with the IRS-allowed chronic condition services, supplies, and prescription drug rider or the IRS-allowed chronic condition prescription drug rider.

Condition	Drugs	
Antidepressant	<ul style="list-style-type: none"> <li>• CITALOPRAM</li> <li>• ESCITALOPRAM</li> <li>• FLUOXETINE</li> <li>• FLUOXETINE DR</li> </ul>	<ul style="list-style-type: none"> <li>• PAROXETINE ER</li> <li>• PAROXETINE</li> <li>• PAROXETINE CR</li> <li>• SERTRALINE</li> </ul>
